### Item 1 Cover Page

This brochure provides information about the qualifications and business practices of NorthStar Fiduciary Partners, LLC. If you have any questions about the contents of this brochure, please contact us at 732-322-2570. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about NorthStar Fiduciary Partners, LLC is available on the SEC's website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov).

The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

NorthStar Fiduciary Partners, LLC is a registered investment adviser. Registration with the United States Securities and Exchange Commission or any state securities authority does not imply a certain level of skill or training.

## Item 2 Material Changes

Form ADV Part 2 requires registered investment advisers to amend their brochure when information becomes materially inaccurate. If there are any material changes to an adviser's disclosure brochure, the adviser is required to notify you and provide you with a description of the material changes.

Generally, NorthStar Fiduciary Partners, LLC will notify clients of material changes on an annual basis. However, where we determine that an interim notification is either meaningful or required, we will notify our clients promptly. In either case, we will notify our clients in a separate document.

This Brochure, dated October 10, 2024, is interim update of the Firm Brochure.

The following "Material Changes" have occurred since the last annual Firm Brochure dated March 22, 2024 was published:

- The firm added a "Recommendation of Particular Types of Securities" section in Item 4.

## Full Brochure Availability

The Firm Brochure for NorthStar Fiduciary Partners, LLC is available by contacting us at 732-322-2570.

In 2024, all new clients are being provided a full copy of our brochure.

## Item 4 Advisory Business

### Firm Description

NorthStar Fiduciary Partners, LLC (“NSFP”) is a registered investment adviser primarily based in East Brunswick, New Jersey. We are organized as a limited liability company under the laws of the State of Ohio. We have been providing investment advisory services since 2016.

### Principal Owner

Gary Berdoff is the principal owner since August 2023.

### Types of Advisory Services

NorthStar Fiduciary Partners, LLC provides investment management services to Pension and Profit Sharing Plans, Individuals, High Net Worth Individuals, Charitable Organizations, and Business Development Companies. Our strategy predominately uses individual equities, no-load mutual funds, exchange traded funds (ETF’s) and closed end mutual funds but may include investments in corporate debt, municipal securities, United States government obligations and option contracts on securities. NSFP will act as an investment advisor and will supervise and direct the investments and make all investment decisions for the client based on the client’s risk aversion.

#### Advisory Services Offered:

- 401(k) and Retirement Plan Investment Advisor Services – NSFP will work with companies or the designated trustees of a retirement plan to select and monitor investment options for retirement plan participants and/or otherwise provide investment guidance and monitoring service for a fee.
- Portfolio Management Services - NSFP will manage your investments to meet your specific goals and objectives.

### Tailored Relationships

We will work with our clients that have specific needs to tailor portfolios to meet their investment parameters, time horizon, risk tolerance, and return objectives.

You may request that we refrain from investing in particular securities or certain types of securities. You must provide these restrictions to our firm in writing. Clients may impose reasonable restrictions or mandates on the management of their account (e.g., require that a portion of their assets be invested in socially responsible funds) if, in NSFPs sole discretion, the conditions will not materially impact the performance of a portfolio strategy or prove overly burdensome to its management efforts.

### Recommendation of Particular Types of Securities

NorthStar Fiduciary Partners may recommend mutual and exchange-traded funds offered by Dimensional Fund Advisors (“Dimensional”), Vanguard, BlackRock, and Charles Schwab among other mutual fund companies. Dimensional funds are available for investment only by clients of authorized registered investment advisers and may only be custodied at approved broker-dealers. With respect to Dimensional funds, should we lose our approval, or if you choose to move your account to an advisor or custodian not approved by Dimensional, you may need to sell your Dimensional funds. If those funds are held in a taxable account and have appreciated in value this may result in capital gains taxes.

Dimensional provides on-going education through webinars and conferences that provide analytics, research data and articles, and analytical tools. NorthStar does not receive any compensation for recommending any investment, including Dimensional funds. Investments are selected based on client-stated goals and objectives that align with their individual risk tolerance. The determination to use a specific fund family or investment is predicated on factors such as cost, diversification, need for income and relative risk.

## Wrap Fee Programs

NorthStar Fiduciary Partners does not offer a wrap fee program.

## Assets Under Management

As of December 31, 2023, NSFP has \$771,692,414 that meet the definition of regulatory assets under management (\$378,229,680 Discretionary, \$393,462,734 Non-discretionary) where the firm would provide continuous and regular supervisory management services to securities portfolios and pension and profit sharing plans.

## Item 5 Fees and Compensation

### Description & Fee Billing

#### 401(k) and Retirement Plan Investment Advisor Services

401(k) and Retirement Plan investment advisory services are provided based on written agreement. The agreement includes the annual fee amount and services to be provided. Advisory fees are paid quarterly or monthly in arrears based upon the net value of the account on the last business day of the quarter. For retirement plans opened or terminated during the quarter, the value of the retirement plan will be charged at termination date on a prorated basis. As part of the written agreement, Client authorizes the custodian to deduct NSFP's fee directly from the plan account upon acceptance of those terms in the contract or upon presentation of an appropriate invoice showing the calculation of the fee. Fees are based upon a percentage of retirement plan assets.

The fee schedule for serving as a retirement plan advisor in most cases is as follows:

<u>Fee Description</u>	<u>Fee</u>
Minimum Fee	0.02%
Maximum Fee	0.50%

The client fee is based on the scope of services provided and the size of the plan. For example, if the retirement plan value is \$5 million and the fee rate is 0.05%, the quarterly fee is calculated by totaling (\$5 million x .0005) divided by 4, or \$625.00 quarterly. If the retirement plan value is \$5 million and the fee rate is 0.05%, the monthly fee is calculated by totaling (\$5 million x .0005) divided by 12, or \$208.33 monthly.

The fee percentage amount for retirement plan services vary from client to client based on the agreed upon services to be provided by NSFP to client. All fees are disclosed to clients in the agreed upon service agreements as well as in accordance with ERISA, IRS, and DOL requirements.

#### Portfolio Management Services

Investment management services are provided based on written agreement. The agreement includes fee schedules, and advisory fees are generally payable quarterly or monthly in arrears based upon the net value of the account on the last business day of the previous quarter. For accounts opened during the quarter, the net value of assets contributed to the account serves as the basis for the fees for that quarter which is calculated on a prorated basis. As part of the written agreement, Client authorizes the custodian to deduct NSFP's fee directly from the account upon presentation of an appropriate invoice showing the calculation of the fee. Fees are based solely upon a percentage of assets under management.

The fee schedule generally is a flat 1%.

For example, if your account is \$2.5 million in value, the quarterly fee is calculated by multiplying \$2,500,000 by .01 then take the total sum and divide by 4 to arrive at the total due 6,250.00. If your account is \$2.5 million in value, the monthly fee is calculated by multiplying \$2,500,000 by .01 then take the total sum and divide by 12 to arrive at the total due 2083.33.

The Agreement may be cancelled by either party in accordance with the provisions of the Agreement. If the Agreement is canceled prior to the end of the calendar quarter, the unearned portion of the fee will be returned to the Client. Clients may also terminate the Agreement without incurring any fees within five days of signing. The foregoing describes NSFP's basic fee schedule, however, fees may be negotiable in certain limited circumstances and arrangements which could include flat fees or hourly fees as noted in your agreement(s).

Your death will not terminate the Investment Management Agreement or authority granted to NSFP until we have received actual written notification of your death.

### **Other Fees and Expenses**

Our management fees are separate from charges assessed by third parties such as broker dealers, custodians and mutual fund companies. Brokerage and other transaction costs charged by broker dealers executing transactions and custodians maintaining your assets are in addition to the management fees and are not negotiable. Investment advisor clients that hold mutual funds in their portfolio(s) will also pay investment management fees and/or administrative fees. These fees are paid to the managers of the fund for their role in managing the fund(s) on a daily basis. Mutual funds, variable annuities and other platforms may assess other fees and expenses such as 12B-1 fees or commissions in connection with the placement of your funds. To fully understand the total cost you will incur, you should review the prospectus for all the fees charged by mutual funds, exchange traded funds, our firm, and others. For information on our brokerage practices, please refer to the *Brokerage Practices* section of this brochure.

### **Fees Paid In Advance**

Management fees are not charged in advance. Management fees are charged quarterly (1/4 of annual fee) in arrears based upon the quarter end value of your account and the type of account.

Clients may terminate their advisory contract with the firm in writing, signed receipt required, at any time, and fees will be refunded on a pro-rated basis through the end of the calendar quarter. We may terminate relationships with clients, in writing, upon 30 days' notice and will charge fees on a pro-rated basis through the termination date.

Your death will not terminate the Investment Management Agreement or authority granted to our firm to charge for management fees until we have received actual written notification of your death.

### **Additional Compensation for the Sale of Securities or Other Investment Products**

Persons providing investment advice on behalf of our firm are not licensed as broker dealer registered representatives or insurance agents and do not receive commission-based compensation for selling securities products, including securities products they sell to you.

## **Item 6 Performance-Based Fees and Side-By-Side Management**

### **Sharing of Capital Gains or Appreciation**

We do not accept performance-based fees or participate in side-by-side management. Performance-based fees are fees that are based on a share of capital gains or capital appreciation from a qualified client's account. Side-by-side management refers to the practice of managing accounts that are charged performance-based fees while at the same time managing accounts that are not charged performance-based fees. Our fees are calculated as described in the *Fees and Compensation* section above.

## Item 7 Types of Clients

### Description

We offer investment advisory services to retirement, pension and profit sharing plans. In addition we provide services to individuals, including high net worth individuals, charitable organizations, banking and thrift organizations, state municipal governments and business development companies.

### Account Minimums

NSFP's does not have a minimum opening balance for new individually managed accounts. NSFP reserves the right to accept or reject accounts at its sole discretion. We do however reserve the right to terminate your Account if it falls below a minimum size which, in our sole opinion, is too small to effectively manage. For your benefit, we will also household related accounts; i.e., combining account values for you and your minor children, joint accounts with your spouse, and other types of related accounts to meet the stated minimum for breakpoints in the sale of investment company shares (mutual fund and exchange traded funds ("ETFs")) which reduce your purchasing costs of such securities should a breakpoint apply.

## Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

### Methods of Analysis

We will primarily use Fundamental Analysis in conjunction with supporting elements of Technical and Quantitative Analysis. Listed below is information related to the risk(s) related to these methods of analysis.

Fundamental Analysis - involves analyzing individual companies and their industry groups, such as a company's financial statements, details regarding the company's product line, the experience and expertise of the company's management, and the outlook for the company and its industry. The resulting data is used to measure the true value of the company's stock compared to the current market value.

- **Risk:** The risk of fundamental analysis is that information obtained may be incorrect and the analysis may not provide an accurate estimate of earnings, which may be the basis for a stock's value. If securities prices adjust rapidly to new information, utilizing fundamental analysis may not result in favorable performance

Technical Analysis – involves analyzing data on market activity such as historical returns, stock prices and volume of trades to chart patterns in securities movement. Technical Analysis can be a beneficial tool; to evaluate long-term investments when combined with Fundamental Analysis.

Quantitative Analysis – uses mathematical and statistical modeling to evaluate key financial ratios such as price to earnings ratio (P/E) or earnings per share (EPS).

### Investment Strategies

NorthStar Fiduciary Partners, LLC will explore and consider investments in various securities such as mutual funds, exchange traded funds, closed end funds, common stocks, preferred stocks, and corporate, municipal and government issued fixed income securities. Wealth management clients are predominantly retired with relatively low risk tolerances. We will primarily use equity and fixed income index funds/ETFs in conjunction with individual bonds which will be intended to be held to maturity. Dividend investing through individual stocks will also be an option.

- **Risk:** Using a long-term purchase strategy generally assumes the financial markets will go up in the long-term which may not be the case. There is also the risk that the segment of the market that you are invested in or perhaps just your particular investment will go down over time even if the overall financial markets advance. Purchasing investments long-term may create an opportunity cost - "locking-up" assets

that may be better utilized in the short-term in other investments.

### *Equity Investments*

When equities are a prudent choice, we attempt to identify the best funds or companies that can be acquired at reasonable prices. When evaluating mutual funds and exchange traded funds a variety of factors will be considered including the underlying portfolio holdings of the fund, the track record and history of the fund manager, and fund expenses. Once a client's risk profile has been determined and an allocation to equity investments has been decided, NSFP will construct a portfolio using a variety equity securities to adequately diversify the equity portion of the client's portfolio.

### *Fixed Income Investments*

NSFP generally uses mutual funds, exchange traded funds and closed end funds to invest in the fixed income markets. In certain cases NSFP will consider individual issues of corporate, municipal and government issued debt for client portfolios.

### Tax Considerations

Our strategies and investments may have unique and significant tax implications. However, unless we specifically agree otherwise, and in writing, tax efficiency is not our primary consideration in the management of your assets. Regardless of your account size or any other factors, we strongly recommend that you consult with a tax professional regarding the investing of your assets.

### **Risk of Loss**

NSFP's investment activities may involve a significant degree of risk. The performance of any investment is subject to numerous factors which are neither within the control of nor predictable by NSFP. Such factors include a wide range of economic, political, competitive, technological and other conditions (including acts of terrorism and war) that may affect investments in general or specific industries or companies. The securities markets may be volatile, which may adversely affect the ability of NSFP to realize profits. As a result of the nature of NSFP's investing activities, it is possible that the financial performance may fluctuate over time and from period to period.

Risk management will be or have been determined on a client-by-client basis after conversations with them about their goals, age, risk tolerance, income sources and current and forecasted income needs.

### Market or Interest Rate Risk

The price of most fixed income securities move in the opposite direction of interest rates. For example, as interest rates rise, the prices of fixed income securities fall. Changes in interest rates will affect the values of fixed income securities.

## **Item 9 Disciplinary Information**

### **Legal and Disciplinary**

Registered Investment advisors are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of NSFP and the integrity of our management of your assets. We have no information that applies to this item.

### **Criminal or Civil Action**

Registered Investment advisors are required to disclose all material facts regarding any criminal or civil action events that would be material to your evaluation of NSFP and the integrity of our management of your assets. We have no information that applies to this item.

### **Administrative Proceeding**

Registered Investment advisors are required to disclose all material facts regarding any administrative proceeding that would be material to your evaluation of NSFP and the integrity of our management of your assets. We have no information that applies to this item.

### **Self-Regulatory Proceeding**

Registered Investment advisors are required to disclose all material facts regarding any Self-Regulatory Organization proceedings that would be material to your evaluation of NSFP and the integrity of our management of your assets. We have no information that applies to this item.

## **Item 10 Other Financial Industry Activities and Affiliations**

### **Broker-Dealer or Registered Representative Registrations**

The investment advisor representatives of NSFP will not be registered representatives of a broker dealer. NSFP is not affiliated with a broker dealer.

### **Futures Commission Merchant, Commodity Pool Operator, Commodity Trading Adviser or Associated Person**

NSFP and our staff are not affiliated with a Futures Commission Merchant, Commodity Pool Operator, or Commodity Trading Adviser.

### **Material Relationships or Arrangements with Financial Industry**

NSFP has no other material relationships or arrangements with the financial industry not disclosed elsewhere in this document.

### **Recommend or Select Other Investment Advisers**

NSFP does not recommend or select other investment advisors for our clients.

### **Insurance Affiliations**

NSFP and our staff do not have any insurance affiliations.

## **Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading**

### **Description of Our Code of Ethics**

We strive to comply with applicable laws and regulations governing our practices. Therefore, our Code of Ethics includes guidelines for professional standards of conduct for persons associated with our firm. Our goal is to protect your interests at all times and to demonstrate our commitment to our fiduciary duties of honesty, good faith, and fair dealing with you. All persons associated with our firm are expected to adhere strictly to these guidelines. Our Code of Ethics also requires that certain persons associated with our firm submit reports of their personal account holdings and transactions to a qualified representative of our firm who will review these reports on a periodic basis. Persons associated with our firm are also required to report any violations of our Code of Ethics. Additionally, we maintain and enforce written policies reasonably designed to prevent the misuse or dissemination of material, non-public information about you or your account holdings by persons associated with our firm.

Clients or prospective clients may obtain a copy of our Code of Ethics by contacting us at the telephone number on the cover page of this brochure.

### **Recommend Securities with Material Financial Interest**

NSFP and its investment advisor representatives do not have any material financial interest in any public companies. Neither our firm nor any persons associated with our firm has any material financial interest in client transactions beyond the provision of investment advisory services as disclosed in this brochure.

### **Invest in Same Securities Recommended to Clients**

A NSFP staff member may invest in the same securities as recommended to clients under the firm personal trading policy listed below.

## **Personal Trading Practices**

Our firm or persons associated with our firm may buy or sell securities for you at the same time we or persons associated with our firm buy or sell such securities for staff member accounts. A conflict of interest exists in such cases because we have the ability to trade ahead of you and potentially receive more favorable prices than you will receive. To eliminate this conflict of interest, it is our policy that neither our firm nor persons associated with our firm shall have priority over your account in the purchase or sale of securities.

## **Item 12 Brokerage Practices**

NSFP recommends brokers or dealers to effect portfolio transactions. In doing so, consideration is given to the proven integrity and financial responsibility of the various firms as well as to their demonstrated execution experience and capability generally and in regard to particular markets or securities and to the competitiveness of the commission rates they charge. If a client requests to custody the account at another brokerage firm, NSFP will execute transactions through that broker-dealer. You may pay higher commissions and/or trading costs than those that may be available elsewhere.

### **Research and Other Soft Dollar Benefits**

NSFP may be provided research, statistical services and other services from investment companies, custodians, and third party vendors.

### **Brokerage for Client Referrals**

We do not receive client referrals from broker-dealers in exchange for cash or other compensation, or for purchasing brokerage services or research.

### **Directed Brokerage**

We routinely recommend that you direct our firm to execute transactions through Charles Schwab. As such, we may be unable to achieve the most favorable execution of your transactions and you may pay higher brokerage commissions than you might otherwise pay through another broker-dealer that offers the same types of services. Not all advisers require their clients to direct brokerage.

You may utilize the broker-dealer of your choice and have no obligation to purchase or sell securities through such broker as, we recommend.

In limited circumstances, and at our discretion, some clients may instruct our firm to use one or more particular brokers for the transactions in their accounts. If you choose to direct our firm to use a particular broker, you should understand that this might prevent our firm from effectively negotiating brokerage commissions on your behalf. This practice may also prevent our firm from obtaining favorable net price and execution. Thus, when directing brokerage business, you should consider whether the commission expenses, execution, clearance, and settlement capabilities that you will obtain through your broker are adequately favorable in comparison to those that we would otherwise obtain for you.

### **Order Aggregation or Block Trades**

We do not combine multiple orders for shares of the same securities purchased for advisory accounts we manage (the practice of combining multiple orders for shares of the same securities is commonly referred to as "block trading") unless you have given us discretionary authority. Accordingly, you may pay different prices for the same securities transactions than other clients pay. Furthermore, we may not be able to buy and sell the same quantities of securities for you and you may pay higher commissions, fees, and/or transaction costs than other clients.

## **Item 13 Review of Accounts**

### **Periodic Reviews**

Gary Berdoff, Managing Member of NorthStar Fiduciary Partners LLC will monitor your accounts on an ongoing basis and will conduct formal account reviews at least annually or upon your request. The reviews are designed

to ensure the advisory services provided to you, and the portfolio mix, are consistent with your stated investment needs and objectives.

### **Review Triggers**

Additional reviews may be conducted based on various circumstances, including, but not limited to:

- contributions and withdrawals,
- year-end tax planning,
- market moving events,
- security specific events, and/or,
- changes in your risk/return objectives.

### **Account Reports**

You will receive trade confirmations and monthly or quarterly statements from your account custodian(s). You should carefully review those statements promptly when you receive them.

## **Item 14 Client Referrals and Other Compensation**

### **Economic Benefits**

NSFP does not receive any compensation other than the compensation discussed in Item 5. There currently are no other arrangements, oral or in writing where it directly or indirectly receives compensation for client referrals.

### **Third Party Solicitors**

NSFP will not use, employ, or compensate non-employee (outside) consultants, individuals, and/or entities (Solicitors) for client referrals.

Beyond the disclosures provided in this Brochure, we do not receive any compensation from any third party in connection with providing investment advice to you.

## **Item 15 Custody**

NorthStar Fiduciary Partners LLC does not take custody of your funds and securities. Your broker dealer custodian maintains actual custody of your assets. As a result, our firm does not accept securities or forward securities to your brokerage firm or custodian. The only checks accepted as payable to NorthStar Fiduciary Partners LLC are those submitted for payment of advisory fees. NSFP's Agreement and/or the separate agreement with your Financial Institution may authorize us through such Financial Institutions to debit your account for the amount of our fee and to directly remit that management fee to our firm in accordance with applicable custody rules. Under government regulations, we are deemed to have custody of your assets due to our ability to deduct management fees in accordance with the advisory agreement, but we do not otherwise have any access to client assets.

### **Account Statements**

The Financial Institutions recommended by our firm have agreed to send a statement to you the client, at least quarterly, indicating all amounts disbursed from the account including the amount of management fees paid directly to our firm. In addition, as discussed in Item 13, our firm also sends periodic supplemental reports to clients. You will receive account statements directly from your broker dealer custodian at least quarterly. They will be sent to the email or postal mailing address you provided to your broker dealer. You should carefully review those statements promptly when you receive them.

## Item 16 Investment Discretion

### Discretionary Authority for Trading

Before we can buy or sell securities on your behalf, you must first sign our discretionary management agreement and the appropriate trading authorization forms.

This gives us discretion over the selection of securities, timing when transactions are made and amount of securities to be purchased or sold for your account(s) without obtaining your consent or approval prior to each transaction. You may specify investment objectives, guidelines, and/or impose certain conditions or investment parameters for your account(s). For example, you may specify that the investment in any particular stock or industry should not exceed specified percentages of the value of the portfolio and/or restrictions or prohibitions of transactions in the securities of a specific industry or security. Please refer to the *Advisory Business* section in this brochure for more information on our discretionary management services.

Non-Discretionary Agreements - If you enter into non-discretionary arrangements with our firm, we will obtain your approval prior to the execution of any transactions for your account(s). You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

### Limited Power of Attorney

Our firm does not have any limited power attorney accounts. We do not use limited power of attorney to make investments in your account(s).

## Item 17 Voting Client Securities

### Proxy Voting

Without exception, we will not vote proxies on behalf of your advisory accounts. At your request, we may offer you advice regarding corporate actions and the exercise of your proxy voting rights. If you own shares of applicable securities, you are responsible for exercising your right to vote as a shareholder. You will receive proxy materials directly from the account custodian.

## Item 18 Financial Information

### Prepayment of Fees

We do not charge fees in advance. Management fees are charged quarterly (1/4 of annual fee) in arrears based upon the quarter end value of your account and the type of account. Additional information is contained in Item 5, "Fees Paid in Advance".

### Financial Condition

We are not required to provide a balance sheet or other financial information to our clients because we do not require the prepayment of fees in excess of \$500 and six months or more in advance; we do not take custody of client funds or securities; and, we do not have a financial condition that is reasonably likely to impair our ability to meet our commitments to you.

### Bankruptcy

Moreover, we have never been the subject of a bankruptcy petition.

## Item 19 Requirements for State-Registered Advisers

### Identify Principal Executive Officers and Management Person

#### Principal Executive Officer and Management Person

Gary Berdoff

Refer to the Form ADV Part 2B for additional background information about Gary Berdoff.

### Describe Business Other Than Investment Advice

NSFP does not offer its clients any other services other than providing investment advisory services.

### Describe How Supervised Persons are Compensated with Performance Based Fees

Neither our firm, nor any persons associated with our firm are compensated for advisory services with performance-based fees. Refer to the *Performance-Based Fees and Side-By-Side Management* section above for additional information on this topic.

### Describe if a Management Person has been Subject to a Disciplinary Event

Neither our firm, nor any of our management persons have any reportable arbitration claims, civil, self-regulatory organization proceedings or administrative proceedings.

### Describe any Relationship with an Issuer of Securities

Neither our firm, nor any of our management persons have a material relationship or arrangement with any issuer of securities.
